

Felipe Lages Stefenoni

A brazilian based [UI Designer](#) and [Front-end Developer](#). I specialise in interface design applications from web and mobile with a focus on simplicity & usability.

About me

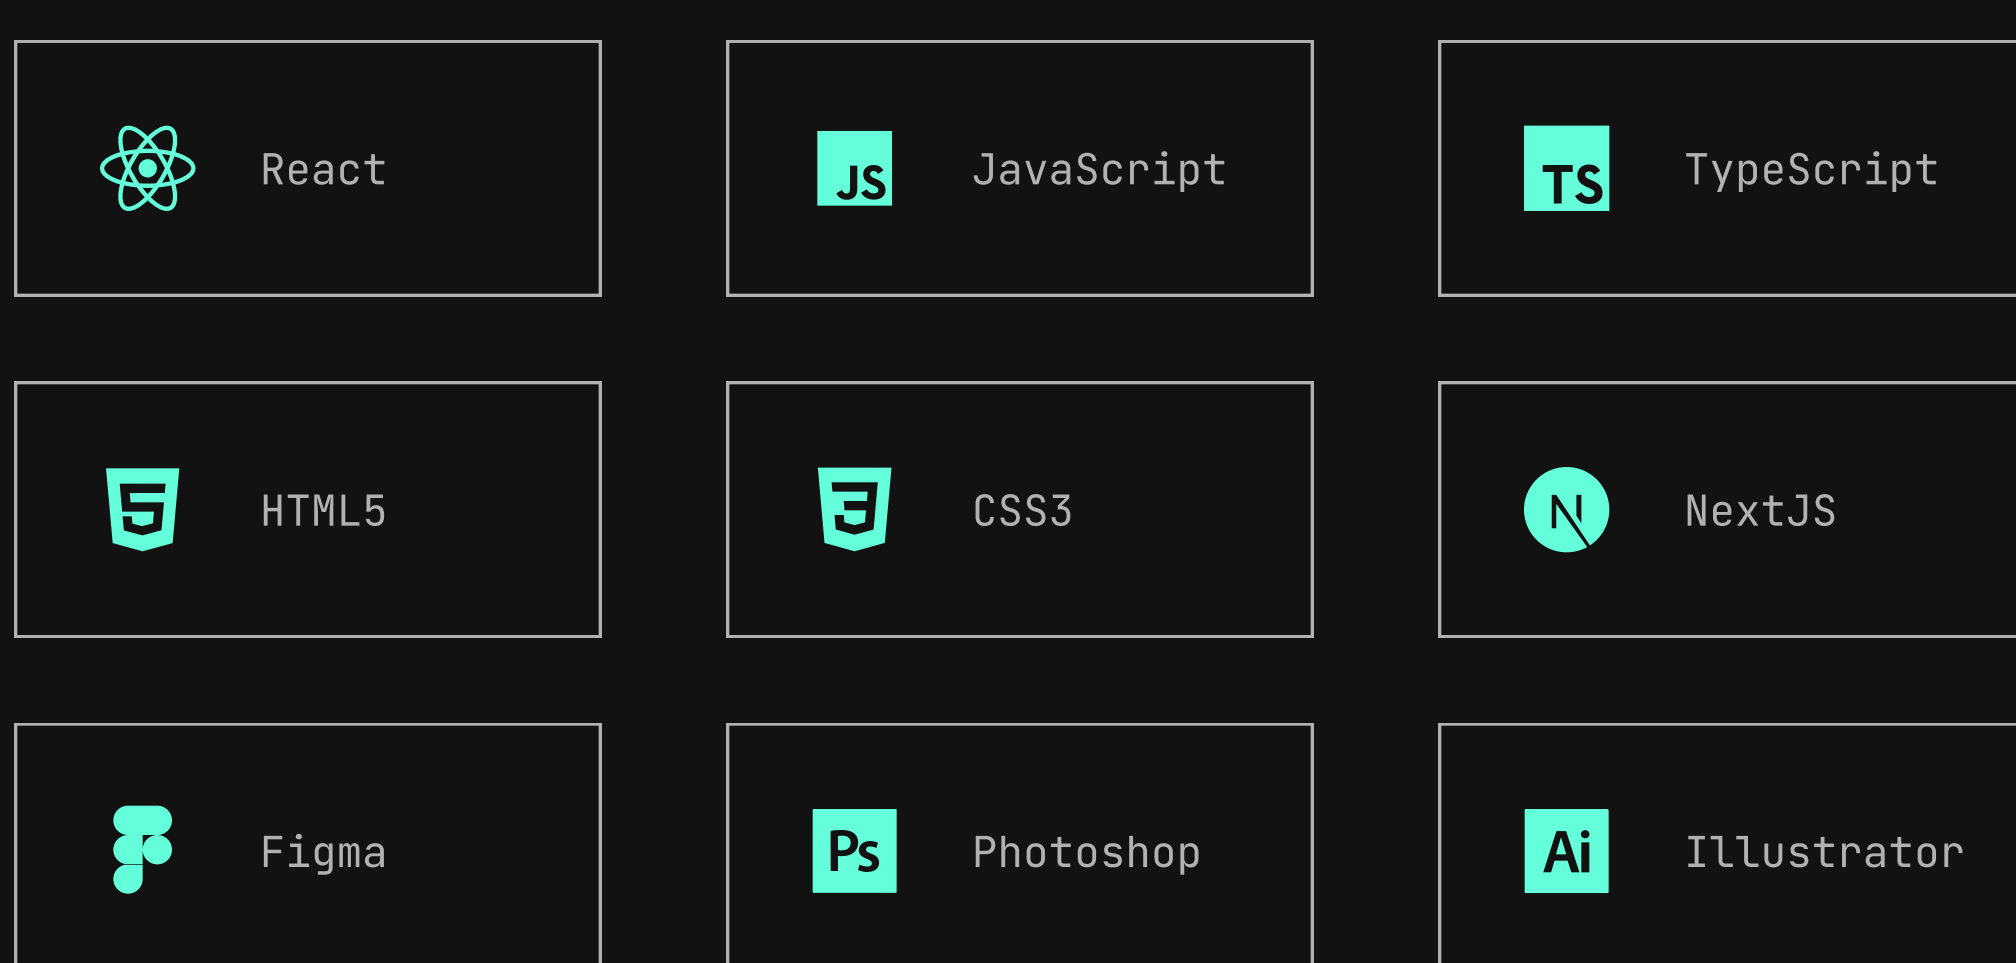

Hello! My name is Felipe Lages Stefenoni, I graduated as a Graphic Designer at the Federal University of Espírito Santo. I'm passionate about the mix of design and technology. That's why I decided to specialise in these areas.

Outside of work my hobbies include canoing, exploring new places with my friends, playing video games, drawing, watching anime and sci-fi movies, discovering new technologies and taking waaaaay too many photos of my cats, Ônix and Saphir.

Technologies & Tools

Experiences

- Qualidata** [Front-End Developer](#) [2022 - now](#)

I'm currently working at Qualidata as a front-end developer with a full team developing robust solutions for educational institutions.
- Metrobi** [Product Designer](#) [2022 - 2022](#)

Working as a product designer at a delivery app company connecting businesses and drivers was a challenging and rewarding experience. Together we work to improve the user experience in an already structured application
- ATW Delivery Brands** [UI Designer](#) [2021 - now](#)

I work in the biggest Dark Kitchen in the world with more than 300 stores worldwide as a UI Designer on the Technology Team. Together we are creating a large application SaaS to help our company to solve problems and building beautiful websites to help our brands grow.
- Freelancer** [Graphic Designer](#) [2018 - now](#)

In the beggining of my journey until today I work as a Graphic and Brand Designer creating Visual Identities for my clients, helping then to achieve their status and communicating they vision to the globe.
